

Ismael "Smiley" Cordova was born on May 17, 1935 in Los Chavez, New Mexico. He would go on to accomplish many things in his life, but was best known for founding Belen Consumer Finance, which he owned and managed for over 25 years, providing loan services for the citizens of Belen and its surrounding area.

When he wasn't helping locals qualify for loans at work he was contributing in other ways. Ismael proudly served in the United States Army National Guard, was an active member of the Knights of Columbus, Elks Lodge, Moose Lodge, the Valencia County Sheriff's Posse, and an avid parishioner at Our Lady of Belen Catholic Church.

More than that, Ismael was a devoted husband and father. Together, Ismael and his wife Kandy made a dynamic duo full of life, knowledge and exuberant warmth to a community that they loved dearly. A savvy businessman and spirited legislator they inspired everyone who had the opportunity to share their company. Ismael loved his four beloved children whom he kept close to his heart and the family gatherings where everyone would reminisce on the amazing experiences growing up in Los Chavez.

A successful businessman, loving father and husband—Ismael was indeed a caring man of faith and courage. His character, love of family, charisma and selflessness were felt by all who knew him. My thoughts and prayers are with family, friends and everyone who has experienced Ismael's generosity and compassion. May the memory of Ismael live on in our hearts.

40TH ANNIVERSARY OF A DIVIDED CYPRUS

HON. ED WHITFIELD

OF KENTUCKY

IN THE HOUSE OF REPRESENTATIVES

Tuesday, July 29, 2014

Mr. WHITFIELD. Mr. Speaker, I rise today on the heels of the 40th anniversary of a divided Cyprus. A division that has left both Turkish and Greek Cypriots bogged down in an unacceptable status quo that continues to impede economic and social progress on the island. Until these differences are resolved, all Cypriots will feel the negative effects of this division and Cyprus will be unable to realize its full potential in the international community.

This past February represented a significant shift in the deadlock when both Cypriot leaders resumed long stalled negotiations and issued a joint statement outlining principles the two sides will use to work toward a reunification of Cyprus. Both sides have met regularly since this announcement and real progress is being made. That said, many controversial issues remain and the path forward will be a difficult one. This makes it even more important that the United States Congress, the Administration, the United Nations, Turkey, Greece, and other stakeholders remain engaged and continue to encourage expeditious, good faith negotiations on both sides.

I believe these negotiations represent a historic opportunity to put all Cypriots on a path to peace and prosperity. During this process, it's important that all parties remain focused on the future of Cyprus and refrain from inflammatory dialogue that only serves to derail

progress. A comprehensive settlement is within reach and I would encourage my colleagues to support this effort.
